Vermont Right of Way Spatial Data Hub

The screenshot displays the Vermont Right of Way Spatial Data Hub interface. At the top left is the VTrans logo with the tagline "Working to Get You There" and "Vermont Agency of Transportation". Below the logo is a navigation menu with the following items: Search, Selection, Legend, Location, Markup, and Share. To the right of the menu is a map of Vermont with a network of blue lines representing right-of-way boundaries. Above the map are controls for zooming (+ and - buttons), a globe icon, and a compass icon. To the right of the map are two dropdown menus: "Right of Way" and "Pan". Below the map is a scale bar showing 100 km and 50 mi. In the bottom right corner, there is a "Leaflet" logo and a "Powered by esri" logo. On the far right, a vertical sidebar shows a zoomed-in view of a road in Plainfield, Vermont, with a multi-colored line representing the right-of-way boundary. The sidebar also includes a "Print" icon, a "Link to Mobile Version" link, and a "Vermont Agency of Transportation" logo.
